ATB client feedback policy

ATB strives to put our clients at the centre of everything we do. This starts with listening. We genuinely welcome your feedback; in fact, we embrace it, because it helps us continue to evolve banking and deliver exceptional client experiences. If you have a complaint or suggestion as to how we can improve, please let us know. If we’ve done something great, we’d love to hear about that too! When you let us know how we’re doing, we can better serve you.

Concern Resolution Process
All investigations follow the same process.

Level 1: Branch Managers/Account Managers
Branch managers and/or Business and Agriculture leaders are often able to resolve client issues quickly and effectively. As a first step, it is suggested you give them an opportunity to hear your feedback and understand your concern. They may have a quick solution.

If your concern is not resolved through this conversation, you can escalate your complaint to Service Excellence. You can reach the Service Excellence team by phone, email or feedback form

Level 2: Service Excellence
Once received, your concern will be assigned to the Service Excellence team. A team member will connect with you to discuss your concern in detail and provide you with their direct contact information.

The Service Excellence team will investigate your concern in collaboration with the managing Vice President. They will ensure that a fair and unbiased review of your concern is completed and that a full explanation of the final outcome is provided to you.

If you are not satisfied with the outcome at this level, the issue can be escalated through Service Excellence to the Director of Client Relations.
Level 3: Client Relations

Client Relations will conduct a formal investigation of the concern and give all involved parties an opportunity to share their understanding of the issue. Once the investigation has been completed, a recommendation will be provided to those involved.

Client Relations has the authority to respond on behalf of ATB’s President and Chief Executive Officer. Client Relations also has access to all information related to a concern and has the authority to reverse previous decisions.

Investigation fundamentals and commitments:
- You will be provided contact information to deal directly with Client Relations
- The investigation will be fair and unbiased.
- The investigation will be performed promptly.
- The outcome will be explained thoroughly and delivered in a timely manner.

If you feel the review completed by Client Relations was not fair the matter can be escalated to the Alberta Ombudsman.
